# PRODUCT DATA SHEET

## DELTA THAN

Product Code: DMS019

### TECHNICAL DATA

Size 310ml

Contents 1

Characteristics Pasty goods, after ligation the glue is elastic and mechanical able to work under pressure

Period of Storage 12 months unopened

Use ~ 7m/cartridge

Climate of handling +5°C to +40°C

Storage climate Cool & free of frost

Open time 10 min

Conditioning time Diffusion-open materials 1h  
Diffusion-hindering materials ~ 24h

Functional area -30°C to +80°C
